

Cyber School Affidavit

One (1) form per cyber schooled student

Print information in the spaces provided below and sign where indicated.

A copy of this affidavit must be completed and returned for each cyber schooled student prior to their participation in MathWorks Math Modeling (M3) Challenge.

Whether joining a school's team in their district, or forming a team of students from the cyber school at which all team members are enrolled, I verify that _____ (student name) on _____ (team ID #) is between the ages of 16 and 19, is currently a student in 11th or 12th grade or at 6th form level at _____ Cyber School, and that the student resides in _____ (county/state). Further, I verify that the cyber school attended by the above-named student is in compliance with all applicable cyber school laws.

I understand that this student may only participate in MathWorks Math Modeling Challenge a maximum of two years.

For students who elect to form a team from the same cyber school, all team members must be full-time students who are on track to receive a diploma from the school with which they are registering. Transient students taking less than a full-time course load are not eligible. I agree to provide the true and correct home address of the student upon request.

Cyber School Administrator: _____ **Date:** _____

***Please return this completed form prior to Challenge weekend. One cyber school affidavit form is required for each member of a cyber school team, and for any cyber school student participating as a member of a team at a school in the district in which they live.**
