

Accelerating the pace of engineering and science

## MathWorks Math Modeling (M3) Challenge

MathWorks offers complimentary software for all participating teams.

### Use MATLAB in M3 Challenge

Use MATLAB to import spreadsheets, analyze and visualize data, and model different scenarios.

- Learn MATLAB with a two-hour online tutorial: [mathworks.com/learn/tutorials/matlab-onramp](https://mathworks.com/learn/tutorials/matlab-onramp)
- Read this blog illustrating how MATLAB can be used to solve a previous M3 Challenge problem “Better Ate Than Never”: [blogs.mathworks.com/cleve/2018/10/05/mathworks-math-modeling-challenge](https://blogs.mathworks.com/cleve/2018/10/05/mathworks-math-modeling-challenge)
- Contact us: [studentcompetitions@mathworks.com](mailto:studentcompetitions@mathworks.com)
